October 3rd Fall Cruise to Brainard will be put together by Stan and Donna. They will let us know at our September meeting the time and location of where to meet.

## October Meeting has Members on the Run

Our members attending the October 29th meeting will literally be on the move from one house to another enjoying what is known as a Progressive Dinner. This will all start at Carol and Don house where the members will be served their appetizers. From this point everyone will hop in their vehicles and away they go to Jane and Brian's where the salad is being served. Then it is on the road again to Donna and Stan's for the main meal. Patti and Jim will bring dessert to Donna and Stan's to enjoy immediately following the main meal.

Those planning to attend will need to RSVP Donna so we know how many to plan for at [streetroddersrus@aol.com](mailto:streetroddersrus@aol.com).

This will be on our regular meeting night so meet at Fisher's at 6:00.

Donna and Stan are putting together a poker run for the evening also with prizes going to best and worst hands for the men, women and couple.

This sounds like it is going to be a fun night so don't forget to mark your calendars and RSVP Donna right away. She is putting a lot of work into this so let's try to make this as easy as we can for all who are hosting and making the food, let them know if you are going to be there.

As a last thought...we will be looking for nominations for our 2010 Officers at this meeting. We will vote on them at the November meeting and the new officers will take charge at the December meeting.

**There a couple of ideas as to where we should hold our Christmas party. The only two places mentioned were Stephens in Princeton and Pebble Creek in Becker. We will do some checking on prices and availability at these locations. A vote will be taken at the September meeting so that we can make reservations to assure that we have a location to celebrate our Christmas party.**

**Don't forget to keep working on your hat/purse basket for the gift exchange. The earlier you start on it the easier it will be to fill.**
